

# LIFT OFF YOUR BUSINESS

We support space related startups

## SBIC NOORDWIJK

*“Supporting space related startups in multiple stages of their entrepreneurial journey”*

### About us

With an objective of strengthening the community of successful space related startups in Noordwijk, SBIC offers various programmes to inspire individuals on their entrepreneurial journey. A key priority is managing the Dutch business incubation centre of the European Space Agency (ESA BIC Noordwijk) and providing incubatees with a supportive environment to build their businesses. **SBIC Noordwijk** plays a critical role in developing an innovative ecosystem and attracts companies to the Netherlands through the Soft Landing programme, offering a smooth transition into the heart of the Dutch space network. Managing the ESA Technology Broker NL stimulates technology transfer and forges new connections between space and terrestrial industries.

### Company facts

- Active space business community of over 100+ people
- Organises 52+ events per year
- Ideally situated close to ESA/ESTEC
- First ever location of the largest incubation network in Europe
- Supported 140+ ESA BIC startups
- Home to 25+ space businesses in the co-working space

### Solutions

SBIC Noordwijk has the expertise to:

- Relocate your space business to the Netherlands
- Facilitate your Dutch startup visa
- Solve industrial challenges using space technology
- Broker introductions to potential collaborators and clients
- Connect you with a network of space entrepreneurs
- Help you develop your business plan via pre-incubation
- Support startups via the only Dutch incubation programme with support from ESA and the Netherlands Space Office

### Company highlights

Space and business are at the core of all activities of SBIC Noordwijk to ideate, incubate and validate. By establishing a connection with SBIC, startups and entrepreneurs receive exposure, open the door to new customers and attract the attention of investors. Since 2010, 90+ ESA BIC startups created over 550 jobs and raised more than 110 million euros (source: Dealroom, 2023).
